EFFECTIVE May 1, 2017

ATTENTION: Private Haulers Using Richland County and Township Highways

Re: Over Dimension / Overweight Vehicle Permits

To whom it may concern:

Consistent with the Ohio Revised Code which establishes the rules for governing the use of Road, Bridge and Highway facilities in the State of Ohio, Richland County has established Over Dimension / Overweight Vehicle Regulations.

Owners of vehicles that exceed specified thresholds for Dimension and Weight (reference ORC 5577), seeking to utilize county and/or township facilities, are required to obtain a permit from this office.

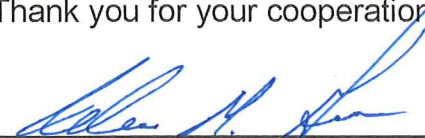

To obtain a hauling permit, you will have to submit the following documentation:

1. Completed Application (Form RC-1 and RC-1W).
2. Copy of the current ODOT Permit, as applicable.
3. Certificate of Liability and Property Damage Insurance.
4. Check for the appropriate amount as outlined in the Special Hauling Permit Fee Schedule (Reference Form RC-2).

Please contact our office (Deputy Engineer: Delafon Luna, Ph.: 419-774-5674) or visit us online (www.rcengineer.com) to obtain copies of our regulations and the required application/forms.

Failure to obtain permits may result in fines/penalties by the Richland County Sheriff Department.

Thank you for your cooperation.

Adam Gove, P.E., P.S.
Richland County Engineer
